

Announcement: Audio Files Now Available

Here at al-Sidrah, we attempt to fulfill our goal of disseminating the fruits of the Seminary through various means and media. Insha'allah we will be providing access to various audio files including jum'ah khutbahs, interviews, and occasional lectures, each of which contains unique information and insights. These recordings will be available through both iTunes and Hipcast, which you can access using the "Audio" link in the menu above. Jumu'ah khutbahs will be available on a weekly basis, whereas interviews and the occasional lectures will be more posted intermittently. These programs, we hope, will be of spiritual and intellectual benefit to a wide audience.

If you have any requests or suggestions, say a particular topic you would like us to explore through an interview, or a past lecture you would like to be made available once again, please let us know. Thank you.
